Summary

I'm Soumyanil Das, primarily a Front End Developer from Calcutta who likes to mix code with creative, interactive and modern designs. I work across the full JavaScript stack, having worked as a freelancer initially and now working full time at CBNITS. Outside of work you can find me playing on the PS4 or chilling to music on Spotify.

Experience

Subject Matter Expert - Frontend

CBNITS

Aug 2022 - Present (8 months)

Working as a Senior Angular Developer at Netskope as a contractor.

- Working as an SME for Homepage.
